

# Kobe Sports Park

## Regarding the stadiums

Kobe Sports Park encompasses wide-ranging professional sports facilities for sports and international meetings. This includes the Universiade Memorial Stadium, which previously hosted the National Sports Festival of Japan, as well as a dome-shaped gym called Kobe Green Arena; all of which are enveloped in rich nature. Children, meanwhile, will be excited at the abundance of playground amenities installed in the parks. These are decorated with flowers for all seasons. It's the ideal venue for sports, outings and other leisure excursions. Pre-games training camps for the Olympic Games, basketball games and table tennis games of World Masters Games 2021 Kansai will be held at the Kobe Green Arena. Kobe 2022 World Para Athletics Championships will be held at the Universiade Memorial Stadium.
