Overview of Kobe City

in Japan (JPY 6.99 tn in FY2020)

available and interlinked

All types of transportation (air, land and water) are

Location & Access

BE KOBE

■ **Area** 557.05 km²

■ **Population** 1,492,953(As of April 2024)

■ **Households** 746,543 (As of April 2024)

- The "Waterfront Area" boasts outstanding access with both Kobe Airport and the Port of Kobe, and "Inland Area" provides nature-rich suburbs with offices and residential areas close to each other
- Combination of two types of business areas in Kobe meets the needs of any individual or company looking for investment opportunities

Port of Kobe:

3rd largest volume of container throughput in Japan

■ The leading shipping lines call Port of Kobe on the direct routes to the world's major ports.

■ It handled the largest container throughput in FY2018 over the history of Kobe City.

Railways to Major Cities: (Bullet Train)

Number of Passengers at Kobe Airport

Kobe Airport

INLAND AREA

■ 1 hr from Haneda Airport

Shin-Kobe St.

Mt. Rokko

■ Connected to 12 major regional airports in Japan

Kobe Airport

in to Osaka

WATERFRONT

AREA

- 18 min from the city center by train (Port liner)
- 30 min from Kansai International Airport by train

Industrial Structure of Kobe City

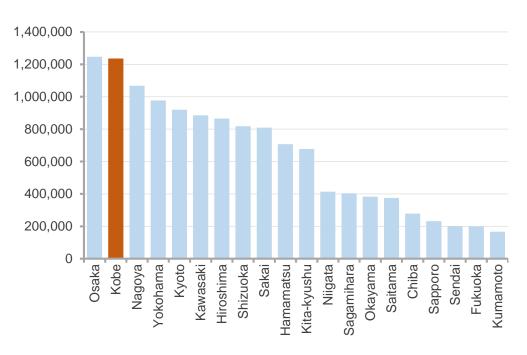

- Diversified Product Shipment Food (highest amount among the designated cities), General Purpose Machinery (highest amount among the designated cities) and transportation equipment on top, consisting of approximately 50% of the total product shipment
- More than 200 global companies have headquarters and/or business establishments in Kobe
- Total value added is JPY 1.2 tn, the 2rd largest among the designated cities in Japan

Breakdown of Product Shipment Business Oriented Metals (mn) Machinery 1.9%_ 1.6%_ Plastics. 2.4% Production Others 3.1% 6.3% Food Information/ 20.8% Communication 3.7% Beverages 5.8% 3.42 tn (JPY) in FY2020 Iron/Steel/ 100% Copper 6.1% Electricity General 9.5% Purpose Chemicals Machinery

11.7%

12.8%

Comparison of Total Value Added* among Designated Cities

*Value newly added in the production activities of offices (calculated by deducting raw material cost, etc. from production value)

"Kobe SDGs Bond" and "Kobe 2025 Vision"

Kobe SDGs Bond --- Aiming to Achieve SDGs by Realizing "Kobe 2025 Vision"

Kobe implements
various projects
based on
Key Goals

Use of proceeds of Municipal bonds are regulated by Central Government in Japan

Japanese municipalities are in principle only able to issue bonds for finance purposes as stipulated in Article 5 of the Local Finance Law

Kobe sets concrete goals and KPIs in "Kobe 2025 Vision" but does not limit the UoP of its bonds to specific projects

	Concept of "Kobe SD	Gs Bond"
	Usual ESG Bonds	Kobe SDGs Bond
ICMA	GBP, SBP, etc.	Not Based
UoP	Limited	General Purpose
Tenor	Depending on Tenors of Eligible Assets	Depending on Market Conditions
Reporting	Projects Base (Eligible Assets)	Project Base (Issuer's Projects)
SPO	Provided to Issuance Framework	Provided to Issuers Mid- term Policy Plan
Objective	Contribution to the acl	nievement of ESG/SDGs

- "Kobe SDGs Bond" is the name of Kobe's city bonds. Characteristics and credit risks are the same as those of other city bonds
- "Kobe 2025 Vision," which is Kobe's mid-term policy plan, sets Kobe's key goals and KPIs to realize SDGs
- R&I, a major rating agency in Japan, provides the SPO for "Kobe 2025 Vision" that the plan contributes to the realization of SDGs
- Kobe does not limit the use of proceeds of "Kobe SDGs Bond" further than the Local Finance Law regulating Japanese municipality's use of proceeds, to ensure Kobe's smooth fiscal and project management

"Kobe SDGs Bond" Framework BE KOBE

■ The framework of "Kobe SDGs Bond" consists of below four components

I. Use of Proceeds	 Proceeds will be used to the projects that are eligible to be financed by municipal bonds upon Article 5 and other provisions of the Local Finance Law Kobe will not additionally limit the use of proceeds unless the projects are aligned to Article 5 and other provisions of the Local Finance Law
II. Process for Project Evaluation and Selection	 Japanese Local Governments (JLGs) must consult with the Minister of Internal Affairs and Communications (in the case of prefectures and government designated cities) before its debt issuance, as the use of proceeds are regulated JLGs are allowed to issue municipal bonds based on their budgets and the regulations, such as the Local Finance Law. The budget plan needs to be resolved in Kobe City council before each fiscal year starts Kobe will evaluate the feasibility of the projects and its sustainability during the process of budget planning — Kobe will focus its allocation of budget to projects listed in the "Kobe 2025 Vision" With these processes, the appropriateness in project evaluation/selection will be secured in terms of governance as well
III. Management of Proceeds	 Net proceeds will be managed with clearly specified use of proceeds, such as managing them according to Kobe's accounting rules In general, net proceeds are to be used to finance eligible projects within the same fiscal year
IV.Reporting	 The level of achievement will be reviewed through: numerical targets, activity of each project, and the KPI (key performance indicator) set for each key goal (pillar of measures) of "Kobe 2025 Vision" every fiscal year Kobe will also verify the impacts and challenges to be improved based on various data such as objective indicators showing the quality of the town and the quality of living and SDGs local indicators "Kobe 2025 Vision" will also be reviewed and flexibly revised in case of a major change in the external environment such as the socio-economic situation External experts will review the degree of achievement and report to the city council for further promotion of "Kobe 2025 Vision"

"Kobe 2025 Vision"

- "Kobe 2025 Vision" is a five-year implementation plan outlining the direction of Kobe's urban vision and urban development
- Kobe City will operate business in accordance with "Kobe 2025 Vision" and strive to achieve the 7 key goals set forth in the vision

Overall Structure of "Kobe 2025 Vision"

Theme Nestled between the mountains and the sea Kobe: Contributing globally by cultivating locally

6 Key Concepts

Crating new values and styles by refining Kobe's strengths, which are a combination of rich nature. culture and diverse values

Realizing a multicultural society with the participation of diverse citizens, including foreign citizens by ensuring perspectives on diversity and gender equality and creating an environment which females play an active role

Facing an era of declining population, we will shift to a Virtuous cycle by improving the Quality of Kobe's city and lifestyle and promoting the mature city

Promoting wisdom and spirit of citizens who have recovered from the past natural disaster, we will prepare for all kinds of crises and realize a safe and secure city where no one is left behind and where people are valued

Living, working, learning and enjoying in Kobe and Realizing a city where all people Involved experience happiness

Becoming a sustainable city by achieving the SDGs, including the enrichment of citizens through accelerating implementation of technology and digitalization, improving convenience, recovering and growing economic activities, and contributing to the environment

① Enhancing economic growth by creating attractive jobs and industry-academia

collaboration

Progress Management of "Kobe 2025 Vision"

- Kobe City conducts the progress management for the realization of "Kobe 2025 Vision"
- The level of achievement is annually checked through: numerical targets set for each key goal, the status of each measure and the level of achievement of KPIs
- Kobe City will conduct annual evaluation by external experts and report the results to the City Council

Publishing the Progress of "Kobe 2025 Vision" Annually

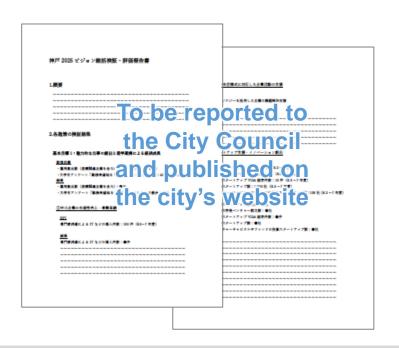

Reporting the status of each measure, including KPIs

Realization of the ideal city which Kobe City is aiming to be

Way of Publishing the Progress

- Publishing the results of evaluation by external experts in the documents
- The results will be reported to the City Council and will be published on city's website

Fiscal Position of Kobe

■ All four indicators are performing better than the nationally established standards

Four Indicators*	Description	FY2023
Real Deficit Ratio	Amount of general account deficit as a proportion of fiscal scale	(Surplus)
Consolidated Real Deficit Ratio	Amount of all account deficits as a proportion of fiscal scale	(Surplus)
Real Debt Payment Ratio	Public debt expenses as a proportion of fiscal scale	4.9%
Future Burden Ratio	Prefectural bond balance as a proportion of fiscal scale	62.6%

National Standards													
Early Warning Limit	Reconstruction Limit												
11.25%	20.0%												
16.25%	30.0%												
25.0%	35.0%												
400.0%	_												

^{*}If the above indicators except the future burden ratio exceed the national standards, the national approval is required to issue bonds

Japanese Local Government Bonds

■ Japanese local government bonds have a risk weight of zero as a result of powerful national fiscal backing, a tax system designed to prevent failure and other measures as described below

1. Local Issue Tax System

- When determining budgets for each fiscal year, the national government sets forth an estimate of revenues and expenditures for all local governments, and guarantees revenue shortfalls
- As part of this system, the national government provides backing for the redemption of the principal and interest of local government bonds, thereby strengthening the repayment capacity of local government bonds by local governments
- 2. Bond Issuance Approval System as an Early Correction Measure
- Local governments must discuss with the national government before issuing bonds, and receive confirmation that the new bond issuance is reasonable and will not negatively affect the local governments' future ability to repay principal and interest of local government bonds

Outline of Tax Exemption for Non-Residents

Tax Exemption for Non-Residents

Starting in 2008, with the Article 5-2 Act on Special Measures Concerning Taxation (Limited to the provisions related to nonresidents and foreign corporations), the interest gains on LGBs owned by non-resident or foreign corporations which settled by the book-entry system are exempted from withholding tax

Simplification of Tax Exemption Procedures

Non-residents/Non-domestic entities

Qualified foreign intermediary (including Clearstream, Euroclear)

Specified transfer institution (subcustodian)

Director of tax office with jurisdiction over the specified transfer institution

General Accounts: Revenue
